Dear Mr. Muller

As a like-long Bay Area resident, I grew up enjoying the beauty and opportunity for recreation that living next to the San Francisco Bay affords.

I do not want this resource to continue to be polluted to the point that my children cannot enjoy it as I did.

The Board that you chair has proposed a permit to require the region's cities and counties to meet a cleanup level of 100 pieces of trash for every 100 feet of "trash hot spot." This isn't enough to insure that the bay's water quality improves. Please do more to protect the bay by imposing stricter requirements for trash clean-up.

Thank you for your consideration,

Genevieve Hoffman
